

Elsa's Kopje

Elsa's Kopje is named after Elsa the lioness, made famous by George and Joy Adamson's biographical book and film "Born Free". The lodge is almost invisible to the eye as you approach its home one Mughwango Hill. It blends into the rocky crags of the "kopje" (small hill), built above the site of George Adamson's original campsite. Winner of the Good Safari Guide's *Best Safari Property in Africa* award, Elsa's Kopje is renowned for being one of the most elegant lodges in Africa, with the most spectacular setting. It is the best upmarket location to view rhino in their natural habitat in Kenya.

Every cottage is the ultimate 'room-with-a-view', uniquely designed and crafted, incorporating the natural features of the rocky hillside. Each cottage has spacious double or twin beds with en suite, elegantly appointed bathrooms. There is an open bar, lounge and dining room with an exceptionally inviting infinity pool overlooking the Meru plains. Elsa's Private House is a spacious, stylish, exclusive hideaway set slightly apart from the main lodge. It has 1 double room and 1 twin, both with their own en suite bathrooms. There is a large private living and dining area, leading seamlessly outdoors into a private garden and swimming pool. Elsa's Honeymoon Suite is a triple level room, with a sitting room, double bedroom and en suite bathroom. With its breathtaking views, this latest addition is definitely Elsa's 'Pride'!

Elsa's Kopje is renowned for its delicious cuisine. With sumptuous fresh salads and pastas for lunch, combining North Italian recipes with more unusual dishes; meals here are simply heaven. Using fresh salads and herbs from its own garden, and serving homemade bread freshly baked in the camp's own traditional outdoor pizza oven, you will feel absolutely spoiled. At Elsa's Kopje, guests eat on their own individual tables (unlike some of our tented

camps which offer communal dining). Dinner is almost always held outside, with candlelit tables laid out under the stars. Private romantic dinners can also be arranged. Also, Elsa's Kopje takes part in several community development schemes and eco-preservation projects including financing the building of a local school, buying fresh produce and handcrafts from local farmers and communities, training and employing people in the local communities, energy conservation, and recycling. Also, the lodge is owned by professional guides, making the lodge's emphasis on a complete safari experience – fun, intellectually stimulating, oneness with nature. The activities on offer at the Lodge include day & night game drives, guided bush walks, bush meals, sundowners, cultural visits, day excursions to the Tana River, line fishing, massage, and a day trip to the Adamson Camp in Kora.
