

Lake Naivasha Simba Lodge

Located 90 minutes away from Nairobi by road, Naivasha has long been the place for those seeking to get away from it all. The Naivasha Simba Lodge is situated on the banks of Lake Naivasha, the cleanest lake in the Great Rift Valley. You will feel your nerves quiet down as soon as you set your eyes on the lodge's rich, manicured grounds. From here, the Mt Longonot, an extinct volcano, towers behind the lake imparting a soft, purple tinge. These idyllic grounds upon which the

Naivasha Simba is set, together with its countryside look make it the perfect location for conferences, wedding receptions, honeymoons and private retreats.

The lodge consists of 70 superior guest rooms; each furnished with wrought iron and mahogany furniture and a step-down sitting area with television. They are clustered in blocks of 10 rooms, with 6 on the ground floor and 4 on the top. The middle two rooms on the top floor have interconnecting facilities, making it convenient for those with families. The end rooms on either side of the block also have extra open air showers.

You will enjoy a variety of tempting dishes ranging from Local to Eastern, Indian and International. You are also invited to make dining an adventure by participating in the preparation of your meals. There is a wide screen at the lounge if you wish to catch up with the latest sports action, but if disco is the thing for you then you'll be at home at the Ibis Pub. You can simply enjoy yourself and watch the day glide by in the solar heated swimming pool or at the poolside snack bar. Also,

there is a tennis court and an elaborate Heath Centre with a fully equipped fitness gym, steam room, sauna room, massage rooms and beauty therapist. Children are also catered for, with a baby pool and a baby-sitting service available on request, to ensure that you all enjoy the vacation. There are five conference rooms, the largest with a maximum capacity of 200 persons and the Business Center with Internet connection is available in case you wish to get some work done or just to check up on things back home. A nature walk reveals a rich diversity of flora thriving on the edge of the lake, with a colorful range of over 400 bird species and a healthy fish population. The hotel offers lake frontage with direct access to private jetty. A sunset cruise by boat will give you breathtaking views and allow you to get closer to the water animals. Fishing is allowed during half the year. Take a trip to the Crescent Island and enjoy seeing implala, waterbuck and warthog. Close by is Hell's Gate National Park, which was named from its giant red cliffs outlining an interior cauldron of bubbling underground steam. Its cliffs are a haven for rock climbers and a breeding ground for Verreaux's eagles and Swifts. Activities that are carried out in the park include cycling, camping picnics and horseback safaris. One can also visit the geothermal power station and see the steam wells.
