

# Ongava Tented Camp

Ongava Tented Camp is one of Namibia's best kept secrets. Located in the much lauded Ongava Game Reserve to the south of the Etosha National Park, it overlooks a nearby waterhole to which a plethora of wildlife congregates to drink. Etosha National Park is Namibia's premier wildlife destination and one of Africa's largest game reserves. Large herds of wildlife teem around the waterholes and the endless plains offer breathtaking vistas. The Ongava Game Reserve shares an

unfenced boundary with the Etosha National Park, enabling large game such as elephant and lion to move freely between the Park and the Reserve.

Constructed from stone, canvas and thatch, Ongava Tented Camp accommodates 16 guests in eight large comfortable Meru-style tents - all with en-suite facilities, open air showers and private verandas. The family unit sleeps four.

Relaxation at Ongava Tented Camp typically takes place around the main area with its relaxing bar and swimming pool, watching the wildlife that comes to drink at the water below. Activities at Ongava Tented Camp revolve around day and night wildlife-viewing drives, visiting hides that overlook

waterholes and walks with experienced guides. A hide at the camp waterhole provides superb photographic opportunities. The Ongava Game Reserve features all the characteristic wildlife of the area, with both desert-adapted black and white rhino to be seen as well as lion. The Ongava Game Reserve is unique in that it is one of the few private game reserves in southern Africa where there is a chance of seeing both black and white rhino. For those who enjoy close wildlife encounters, tracking white rhino on foot with a guide is a highlight not to be missed.
