Relax in the beautiful gardens all spread around the lake whilst the trout rise and ducks play.

At night the lake and gardens are lit up and come alive with the colors of the night. The lake is stocked with plump rainbow trout. Should you want to test your skills and enjoy an afternoon of trout fishing, tackle is available from the lodge at a nominal charge. The Garden swimming pool and sundeck are adjacent to the lake. Fine dining and excellent wines are a feature of the lodge. Enjoy these and view the beautiful lake and gardens in the evening light.

Historic Dullstrom village is nearby which dates back to 1862 with a fascinating history of Dutch settlers and the Anglo Boer War.
