

Simbambili

Simbambili Game Lodge is a highly individual destination for the discerning traveler. Simbambili Lodge is situated among dense stands of knobthorn and jackalberry trees along the meandering Manyeleti River in the Sabi Sand Game Reserve, part of the world-renowned Kruger National Park. Tireless attention to detail and the desires of our guests

are made possible by limiting this exclusive safari experience to a maximum of twelve.

Sophisticated yet simple, each suite has spectacular views over an extensive savannah grassland that teems with wildlife, as seen from the unique en-suite bathrooms and salas or from individual private plunge pools. With its Moroccan-styled suites that have been sensitively designed to blend with the environment and carefully positioned to enhance privacy, this is a must for the romantic at heart.

The Sabi Sand is famous for its big five and has the highest concentration of leopard in the world. It offers cat lovers a chance to meet the stars of the Simbambili Leopard Project, an online journal of the life of three leopards Saseke (the beautiful one), Mafufenyane (the angry one) and Nyaleti (the star) - face to face in their natural habitat. Your ranger and tracker team will astound you with their ability to track big game, whether on foot or on an open vehicle safari.

Fascinating insights and knowledge of the bush and its inhabitants will be imparted to guests. Other activities include golf, and day trips.
