The Peech's sixteen bedrooms and suites located in the main house and gardens. The Garden Rooms overlook our lush landscaped gardens. They are designed for living & working with separate business and relaxation areas and a private patio or balcony. House rooms, originally bedrooms in the old residence of the property, have recently been renovated and are our 'chicest' offerings. The Garden Suites are our largest rooms at over 60m². They feature over-size bathrooms and an open-plan bedroom & living space. Designed to allow simultaneous sharing of work and relaxation spaces, the rooms have a hanging pod chair with views over their private patio or garden.

Our bistro is headed up by Greg Jardim, our head chef, and Robert Chifunyise our wine buyer. Recently renovated to have sandstone floors, deep leather couches and a walk-in wine cellar, the bistro is now becoming known for its regular wine evenings. Our aim is to use locally-sourced suppliers and ingredients that are as organic as possible. Herbs come from our own kitchen garden (outside Room 15), our

coffee is fair trade & 100% organic and our lamb & beef is from 100% pasture-fed meat. Opening hours are Monday to Sunday Breakfast, lunch & dinner [Open to outside guests]. Also, we have a number of options which offer an ideal venue for hosting a conference, event or private dinner in Johannesburg. Our boardroom can seat up to 20 delegates and has a projector, screen, AV equipment & DVD. It can also be converted into a private dining room for lunches or dinners. Our library is ideal for small, discreet meetings seating up to four and our wine cellar offers an intimate space for small private dinners.
