

# Serengeti Sopa

Serengeti Sopa is nestled in the acacia woodland on the edge of the escarpment overlooking the plains of the south-western Serengeti National Park, one of the most famous parks in the world, and host to the largest and most spectacular annual migration of the wildebeest. Located 315 km from Arusha, approximately 7.5 hours drive, and 50 minutes flight with 45 minutes drive from the

nearest airstrip. The lodge is set in the Nyarboro Hills, in the South West overlooking the Serengeti Plains. The Lobby is furnished with large comfortable chairs made out of driftwood, huge cushions and colorful throw pillows. The low ceiling has wooden beams across and the pillars holding it are shaped like huge pots stacked together. Beautiful metallic wall lamps with soft lighting complete the overall, warm and intimate effect.

69 standard rooms, all with 2 queen size beds, carpeted, and tastefully furnished with local fabrics and pictures. On entering, the room is a lounge with a mini bar. In the front is a verandah with 2 comfortable chairs and coffee table, with glass windows facing the vast Serengeti plains which

extend as far as the naked eye can see. 1 of these rooms is suitable for the physically handicapped. The rooms have en-suite bathrooms and hairdryers. There are 4 very spacious double storey suites, with a lounge area on the ground floor where one can dine, sit out on the balcony facing the Serengeti Plains. Upstairs is the bedroom with a king size bed on a raised wooden platform, and on one side a bathtub facing the plains. There is an outside open shower as well. The interior of the suites are painted with the same colors as the main building, terracotta, mustard and blue, which is incorporated in the fabrics. A verandah extends from the room facing the plains, ideal for relaxing and watching.

The dining area is spacious, airy and has lots of light emanating from the floor to ceiling windows. This allows a magnificent view of the plains as well. The furniture is wrought iron chairs and wooden tops, all artistically done. The walls are painted in a mud red color with window like spaces holding artifacts found in the region. Behind the buffet area is a shimmering blue placement, like a glass mosaic,

adding on to the theme. Set in a corner with a view of the Serengeti plains, the bar area is strategically placed with an uninterrupted view, and has a terrace for seating with comfortable chairs.
