

# Gibbs Farm

Here, at the entrance to the Highlands, midway between Lake Manyara and the Ngorongoro Crater, five kilometres from the village of Karatu, is Gibbs Farm.

Gibb's Farm is an oasis of green, calm and beauty, in a landscape that can often be parched, dry and dusty.

The Lodge offers 20 twin rooms with ensuite bathrooms set among the gardens. The main facilities, consisting of a sitting room, reading room, dining room (which serves fresh, home-cooked meals), bar and gift shop, are situated in the old farmhouse.

Coffee is grown, processed and roasted on the farm, and a vast ten-acre fruit and organic vegetable garden provides nearly all the fruit and vegetables to the guests, who wake up to fresh coffee, a multitude of flowers and breathtaking views.

Gibbs Farm provides a welcome stop on any safari, and a base from which to enjoy the many activities available in the foothills of the Ngorongoro Crater. Even if your stay is short, find time for a gentle walk or tour of our gardens.

The Lodge offers 20 twin rooms with ensuite bathrooms, set among the gardens.

In the last few years we have built new rooms. Two are linked making them ideal for families.

All our rooms retain the charm of their unique garden setting.
