

Mara Serena

Perched on the saddle of a hill, the Mara Serena Safari Lodge has one of the most spectacular views imaginable across the vast plains, forests and rivers that make up the Masai Mara – one of the world’s richest wildlife sanctuaries. It is on this very terrain that the annual migration takes place when millions of zebra, wildebeest and gazelle cross the plains below, on their way to the rich new grasses of the Serengeti. This is a spectacle that should be witnessed at least once in a lifetime.

The hotel has been designed to mirror a traditional Masai village or Manyatta and all the guest rooms are located in individual domed huts grouped in a circular manner. The furnishings of each room have been inspired by traditional Masai art and each one has a private balcony with views that stretch over the vast African landscape.

The lodge has a sky-blue swimming pool perched on the edge of the hill, a restaurant that overlooks a waterhole where wildlife gather and several treatment rooms where you can enjoy a range of relaxing massages. From the lodge you can organize a safari by balloon – a truly breathtaking experience. Other activities on offer include bush barbecues, game drives, evening cocktail parties at the waterhole, watching the hippos and Masai dancing.
