

Samburu Intrepids

Samburu Intrepids is renowned as a pioneer of luxury camping in one of the world's last truly great wilderness areas. Situated on the banks of the Uaso Nyiro River in the arid heart of Samburu National Reserve, Samburu Intrepids looks out over riverbanks where herds of elephant, buffalo and zebra come daily to drink – together with the rarer 'northern species' of reticulated giraffe, Beisa oryx and long-necked gerenuk antelope.

Samburu Intrepids will show you this dramatic wilderness from a world of fascinating perspectives: through stirring early morning game drives, walking safaris with skilled Samburu guides, sedate camel rides, and raft trips when the river is high.

Our acclaimed Adventurers' Club offers a uniquely educational safari for children of all ages, under the expert guidance of Kenya's most famous Samburu guide, Sammy Leseita.
