~Itinerary~

Days 1: Moremi Game Reserve

On arrival, you will be met by your Zoologist/Biologist Guide and private vehicle at Maun airport and transferred by road into the Moremi Game Reserve. Once in the Moremi, a slow meander/game drive to familiarize yourselves with the area and then into your first camp in good time to shower and unpack before sundowners and dinner.

Day 2: Game Drive, Okavango Delta

Breakfast in the first light of day then head out in vehicles for a full day game drive. Enjoy a full picnic lunch as you search out the creatures and plants typical of the ecosystem. Seek out the elusive predators such as lions, cheetah and leopard and observe and interpret their behavior. Return to camp for a sumptuous dinner.

Day 3: Island Camping, Okavango Delta

After breakfast, take a slow drive to the lagoon's edge and board a boat to explore the waters of the Delta. The deep open lagoons provide a wonderful contrast in habitat after the dry forest areas and floodplains of your first camp. Spot small crocodiles basking in the sun on sparkling white sandbanks and hippos jousting for territories. Have a picnic lunch on a sandy bank in the river and cool off at a safe swimming spot. Arrive at your private, fairy-lit camp on an island, deep in the delta - just after sunset to shower and relax around the fire before dinner under the stars. Sleep in a mosquito net tent and luxuriate in the freedom of a night in the open, surrounded by nature at her very best.

Day 4: Boating on Waterways, Okavango Delta

Rise early and, after a short walk around the island, hop back into your boat for a meander through the waterways, absorbing the tranquility of the Delta. Marvel at the majesty of elephants from only a few yards away. Drift back to the vehicles. Picnic and siesta in the arms of a giant baobab. Spend the afternoon seeking out hyaena dens and, as the day cools down, watch for hunting cats. Arrive at your camp (which has been moved to a new habitat in your absence), tired-but-happy once again.

Days 5: Predator Hunt, Okavango Delta

All day predator hunt. Spend the last day indulging yourself completely in seeking out your favorite species. Leopard spotting, lion tracking, cheetah chasing and dog discovering... If you want to watch lions mating for two hours or prefer to watch bee-eaters hawking insects on the wing then so be it. Return to camp for your last night in this incredible Eden.

Days 6: Jack's Camp, Kalahari Desert

Arrive at Jack's Camp, surely one of the most romantic camps on earth Drive out after tea through the verdant grasslands to the edge of the pans. Stop to watch the sunset, and listen to an explanation of how the Makgadikgadi pans, the remnants of the world's largest ever superlake, were formed. Return to camp for a lavish dinner in the elegant mess tent, a designated national museum of Botswana.

Days 6: Makgadikgadi National Park, Kalahari Desert

Head off for a full day in the Makgadikgadi National Park (weather permitting). While enjoying a lavish picnic lunch in the shade of a grove of trees, you will see the awe-inspiring spectacle of the last surviving Zebra and Wildebeest migration in Southern Africa spread out on the plains before you.

Days 7: Meerkats & Hyaena's, Makgadikgadi Pans

Set off in the morning to one of the most special and memorable game experiences you will encounter in Botswana. Get up close and personal with the captivating Meerkats of the Kalahari. After a picnic breakfast, visit a remote cattlepost to learn about the traditional culture of the Batswana people. After lunch at camp and another decadent tea, head off in the beautiful evening light to find Africa's most rarely seen carnivore - the brown hyaena. Back to camp for a scrumptious dinner by candlelight.

Days 8: Bushmen Trackers, Kalahari Desert

Spend the morning walking with Zu'hoasi Bushmen Trackers. Depart from the desert - feeling perhaps a little sad, but infinitely enriched.
